Netiquette

Netiquette Resource Page
The term netiquette is commonly used in reference to popular forms of online communication, including email, forums and chat. It is derived from “Network and Etiquette”, and “Internet and Etiquette”. It is the set of social conventions that guides interaction over networks. These may include email, blogging, chat, discussion board, and white board etiquette. While some netiquette issues are technical in nature, most concern how people relate to each other. Once the technical nuances are grasped, online etiquette is not much different than offline etiquette.

### Plagiarism

The following discussion of plagiarism was produced by Writing Tutorial Services, Indiana University, Bloomington, IN and can be found at http://www.indiana.edu/~wts/wts/plagiarism.html.

- **What is Plagiarism and Why is it Important?** In college courses, we are continually engaged with other people's ideas: we read them in texts, hear them in lecture, discuss them in class, and incorporate them into our own writing. As a result, it is very important that we give credit where it is due. Plagiarism is using others’ ideas and words without clearly acknowledging the source of that information.

- **How Can Students Avoid Plagiarism?** To avoid plagiarism, you must give credit whenever you use • another person's idea, opinion, or theory; • any facts, statistics, graphs, drawings--any pieces of information--that are not common knowledge; • quotations of another person's actual spoken or written words; or • paraphrase of another person's spoken or written words. and conditions of fair use, available at http://owl.english.purdue.edu/lab/fairuse.html.

### Academic Honesty

"Academic Honesty: The high quality of education at Kennesaw State
University is reflected in the credits and degrees its students earn. The protection of high standards of academic integrity is crucial since the validity and equity of the University's grades and degrees depend upon it.

No student shall receive, attempt to receive, knowingly give or attempt to give unauthorized assistance in the preparation of any work required to be submitted for credit (including examinations, laboratory reports, essays, themes, term papers, etc.). Unless specifically authorized, the presence and/or use of electronic devices during an examination, quiz, or other class assignment is considered cheating. Engaging in any behavior which a professor prohibits as academic misconduct in the syllabus or in class discussion is cheating. When direct quotations are used, they should be indicated, and when the ideas, theories, data, figures, graphs, programs, electronic based information or illustrations of someone other than the student are incorporated into a paper or used in a project, they should be duly acknowledged. No student may submit the same, or substantially the same, paper or other assignment for credit in more than one class without the prior permission of the current professor(s). Students suspected of violating the KSU statement of Academic Honesty will meet with the instructor to discuss the violation AND will be reported to the Department of Student Conduct according to the process outlined at the following link:
https://web.kennesaw.edu/scai/content/scai---misconduct---procedures"

Blogs
10pts each x 15 = 150 points. On D2L Birthplace -Each week, students will surf the Internet for an image of architecture, art, or an artifact from the time period and culture(s) discussed in that week’s lectures. The image will be copied and posted to the DISCUSSION BOARD with a short accompanying text explaining what this image/object tells us about the people who created it. In addition, students will comment upon TWO of their classmates' postings. Students may NOT post an image that has previously been posted by themselves or a classmate or is used in the lecture PowerPoint. Please, do not submit maps, “recreations,” or other modern representations of the past (example: modern image of Shiva is not appropriate vs. a statue of Shiva from
the 10th c. is appropriate). In addition, students will comment upon TWO of their classmates' postings using the “Reply” function.

**VERY IMPORTANT:** If you miss the equivalent of two weeks attendance or two posts to the discussion board you will be assigned a failing grade for the Blog assignment. I check your work every week, but the final grade for all 15 blog posts and comments will be given ONLY at the end of the semester. Once again, if you miss MORE than 2 weeks of BLOGS - you will not get 150 points.

**HOW to create your BLOG entry**

1) Open a new Internet tab.
2) Surf the net to find an appropriate image (it must relate to both the civilizations AND time period covered for the week.
3) Right click on the image and select copy.
4) Then go back to your weekly course content page for the course in D2L.
5) Go to the APPROPRIATE BLOG discussion thread.
6) Click on the “Compose” button.
7) In the subject box, give your image a title such as “Egyptian Vase” or “Gothic Cathedral.”
8) Paste your image into box. (Note: You may need to reduce the size of your image if it is going off the screen. This is easy to do. Go to the corner of your image. Right click and hold the corner and drag inward at a diagonal to shrink the picture. You can also increase the size of your windows box in the same fashion)
9) Add some spaces, and then give a brief description of the architecture, art, or an artifact you have selected and what it says about the topic of this week’s studies.
Remember to add comments to TWO other posts by your classmates. If you are the first students to post for the week, it means you will to return later in the week to post comments.
Make sure you comment on two of your classmates' entries before leaving the blog.
