Course Description:
The course includes an overview of world history that provides an introduction to the origin and development of the world’s societies and their political, cultural, and economic traditions.

Learning Objectives:

HIST 1110 satisfies one of Kennesaw State University’s general education program requirements. It addresses the SOCIAL SCIENCES general education learning outcome(s). The learning outcome states: Students analyze the complexity of human behavior and how social, historical, economic, political, or spatial relationships develop, persist, or change. For more information about KSU’s General Education program requirements and associated learning outcomes, please visit http://catalog.kennesaw.edu/preview_program.php?catoid=14&poid=1248

Kennesaw State University is currently engaged in a campus-wide assessment of its general education program. The purpose is to measure student achievement with respect to faculty defined student learning outcomes. This course has been selected to participate in the process. No individually-identifiable student information will be collected as part of the assessment. Data will be reported only in aggregated form. Students should know that the data may be used for scholarly work by members of KSU faculty (but only in anonymous and aggregated form). If you are opposed to having your anonymous data used for scholarly work, you can “opt out” of this specific aspect of the process. For more information on the general education assessment process and for access to an “opt out” form, please click http://www.kennesaw.edu/gened/optoutform.html

Grading:

Grade Calculations

Objective Tests:

There are two Objective Tests of 40 questions and one Objective Test of 20 questions during the semester. Objective Tests are not made up if you miss one. To calculate your average on the Tests:

Example: Three Tests taken – grades of: 80, 85, and 90. Add the three grades: 80, 85, and 90. Divide by 3 = 85. Then multiply 85 by 65% = 55.25.

Next, the maps are worth 2.5 points each times 2 maps = 5 points.
Lastly, The Mid-Term is worth 10% of your grade. You multiply your Mid-Term grade by 10%. **Example:** You made a 92 on the Mid-Term Exam. 92 x 10% = 9.2.

The Final Exam is worth 20% of your grade. You multiply your Final Exam grade by 20%. **Example:** You made an 89 on the Final Exam. 89 x 20% = 17.8.

You now add up the points: 55.25 (Tests), + 5 (Both maps), + 9.2 (Mid-Term), + 17.8 (Final), = 87.25 as your semester grade.

**Grading Scale**

Students are evaluated on the following scale:

A - (90-100)

B - (80-89)

C - (70-79)

D - (60-69)

F - (59 and below)

**I:** Indicates an incomplete grade for the course, and will be awarded only when the student has done satisfactory work up to the last two weeks of the semester, but for nonacademic reasons beyond his/her control is unable to meet the full requirements of the course. Incomplete grades are only valid after submission of the Incomplete Grade form (signed by both the instructor and student) to the Department Chair’s office.

**Academic Honesty:**

The high quality of education at Kennesaw State University is reflected in the credits and degrees its students earn. The protection of high standards of academic integrity is crucial since the validity and equity of the University's grades and degrees depend upon it.

No student shall receive, attempt to receive, knowingly give or attempt to give unauthorized assistance in the preparation of any work required to be submitted for credit (including examinations, laboratory reports, essays, themes, term papers, etc.). Unless specifically authorized, the presence and/or use of electronic devices during an examination, quiz, or other class assignment is considered cheating. Engaging in any behavior which a professor prohibits as academic misconduct in the syllabus or in class discussion is cheating. When direct quotations are used, they should be indicated, and when the ideas, theories, data, figures, graphs, programs, electronic based information or illustrations of someone other than the student are incorporated into a paper or used in a project, they should be duly acknowledged. No student may submit the same, or substantially the same, paper or other assignment for credit in more than one class without the prior permission of the current professor(s).
Students suspected of violating the KSU statement of Academic Honesty will meet with the instructor to discuss the violation AND will be reported to the Department of Student Conduct according to the process outlined at the following link: https://web.kennesaw.edu/scai/content/scai-misconduct-procedures
