Students are expected to attend both classes each week. Attendance. All students are expected to attend classes on time, read the assigned class material, and participate in class discussion in a substantive manner. You should involve yourself in class discussions by asking questions, participating in-group activities, and contributing your thoughts, interpretations, and ideas. While conflicting commitments and unforeseen and unpredictable developments may occasionally force an absence, this class, like one’s career, is a major commitment. Indeed, it is your responsibility to attend class and make up any work missed during that absence. ANY
STUDENT WHO NEEDS TO LEAVE THE CLASS EARLY MUST HAVE THE INSTRUCTORS PRIOR APPROVAL!! To be sure, circumstances do occur that may result in being absent or late for class but making this practice a regular routine will not be tolerated. IT IS YOUR RESPONSIBILITY TO ATTEND CLASS AS SCHEDULED. ACKNOWLEDGE IT AND DO IT!

Attendance will be taken. Students are solely responsible for the management their enrollment status this class. If you decide to withdraw from this course, follow the procedure as outlines in the student handbook. Non-attendance does not constitute a withdrawal. Any student who stops attending or never attends this class will be reported and may not be eligible for financial aid.

In the event of inclement weather, always check the KSU Web Page as to the cancellation of classes, or a late start notification. Another source of information are the media outlets. If no official notification by the university is posted, use your own judgment as to your attendance. In this class no one will be penalized for missing class because of inclement weather. Always Place consider you well-being above all else.

Electronic Devices Policy:
Any electronic devices will be absolutely prohibited in the classroom during an examination or quiz. Any student who violates this policy will receive a grade of F for the exam or quiz.

Course Assessments
There will have two examinations during the semester. Each will be announced at least one week in advance. The exams will consist of two basic parts: Part I will consist of three questions from which a student will select two questions to address. Each question will be worth 20 points each for a total of 40 points. Part II of the exam, worth 20 points, will require the identification of proper names and events. A review session will be conducted as to the type of questions and appropriate answers. Remember, the examinations will be based upon class lectures and assigned readings as indicated on the course syllabus. Blue Books are required for all examinations. Every student must sign out with the completion of the Examination. A final examination will be required for every student. The final examination will focus on the last one half of the course.

Do not expect “study guides” for this course. You have a textbook, a book of supplementary readings as well as a class syllabus. Read and use them.

During the last week of the course, each student will meet with the instructor to review his or her grade.

Grading
The instructor does the grading for this course! Student negotiation for higher grades or seeking changes to assignments will not be tolerated. A student’s grade will be based upon an accumulated point system as follows:

<table>

</tr>
</thead>
<tbody>
<tr>
<td>Final Examination</td>
<td>60 points</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>120 points</strong></td>
</tr>
